**GIVINGTUESDAY™**  
Tuesday, November 30<sup>th</sup>, 2021

**We extend our most sincere thanks to the Malhotra Family Foundation who is matching all donations dollar for dollar today, this turns your \$1 into \$2!**

Disadvantaged families have been especially vulnerable during COVID-19 and Christie Lake Kids has been proud to continue to help more than 600 local kids and their families. We are extremely happy to be back in person this fall in five of Ottawa's priority neighbourhoods. Our STAR (Skills Through Arts & Recreation) programs are no cost and offered to the most vulnerable children and youth in the critical after school and weekend hours. Activities like soccer, art, cooking, martial arts, basketball and hockey are being delivered in our community now! These programs include access to transportation, all materials and equipment provided and, healthy food.

For some children this is their only activity outside of school. These programs are essential for these kids to learn core skills, engage socially and have a safe place outside their home. This year, programs have become more expensive as the cost of transportation, and food increase. We however, remain steadfastly committed to serving the families who depend upon us. This is why we need your support now, more than ever,

so we can continue to help kids living in priority communities with the support they need now and into the future.

Your support for Christie Lake Kids has never been more urgently needed. Your donations **(doubled as a result of Giving Tuesday)** help us to continue to give these important kids access to programs that will change their lives and help them live up to their potentials.

DONATE
